

YOU CAN TELL A LOT ABOUT A *candidate* BY *who supports them.*

Randi McCallian proudly displays these endorsements¹ on her web page:

Abortion Groups: Groups that push abortion without limits² – and funded by taxpayers³

Atheist Group: An atheist political action committee that works “to increase the number of open humanists and atheists in public office”⁴

Left-Wing Groups: Including one that aligns itself with Alexandria Ocasio-Cortez⁵ and other top progressives in Congress

Randi McCallian is proud of these groups and their endorsement of her – or she wouldn't have featured them on her own website.

VOTE *Larry Liston* FOR STATE SENATE

Larry Liston doesn't
have a bunch of NY and
CA groups backing him.

But he does have the backing of Coloradans
who believe, like he does, in:

- ✓ **The sanctity of human life**
- ✓ **The importance of faith and family**
- ✓ **Common-sense Colorado values**

Will you join them?
