Hello, my name is \_\_\_\_\_. I am calling about Senate bill 3030 — the so-called Reproductive Freedom Act. This is the most dangerous and radical abortion bill ever proposed in our state. It violates conscience protections, puts women at risk in late term abortions and abortions performed by non-physicians, and prohibits any protections for babies in the womb — even up to birth. I urge Senator \_\_\_\_\_ to remove their name as a sponsor of this bill. Can we count on him/her to help protect women and children from this unsafe law?

**Note:** *We suggest printing and filling in the blanks before calling your Senator to make it easier to read.*
